NOTE TO ENGLAND ABOUT COMPLETED
Will Be Forwarded After the Receipt of Germany's Reply to U. S. Note—Expected About July 8.

WASHINGTON, July 3.—The final draft of the note to Great Britain on the rights of American commerce is about completed and will be forwarded after the receipt of Germany's reply to the United States' last note on her conduct of submarine warfare. The feature of the note to Great Britain, so far as new developments are concerned, will be devoted to a denial of her right, as announced by Lord Crewe, to cause diplomatic negotiations with the United States hereafter on cases of detention and appropriation of cargoes. Lord Crewe has given this government notice by authority of Sir Edward Grey, that Great Britain will not trouble herself about discussing individual cases, but will consider all new seizures and cargo questions as matters for adjudication by an English prize court.

As there have been frequent reports from German sources that vessels attacked in the North sea have in some cases flown the American flag the note will re-state briefly the position of the United States on that subject, which was discussed fully when it was charged that the Lusitania flew the American flag illegally.

WINDSOR, Vt., July 3.—The German reply to the second Lusitania note will reach Washington about July 8, according to word reaching President Wilson from the capital Friday.

As a result of this information the president is planning to depart from Harlakenden house on either July 9 or 10 so that he will reach the "white house" in time to participate in the consideration of the note with Secretary of State Lansing and other officials.

While it is understood that confidential information relating to the contents of the note has been received by the president from Ambassador Gerard, no comment was obtainable on it Friday night.

The reports from Berlin relating to the German note are being carefully studied by officials here and the growing optimism in circles close to the German foreign office that a peaceful solution of their difficulties with the United States will be reached has had a marked effect here.

TUCERTOWN, N. J., July 3.—A force of 14 jacksies and experienced naval operators, under the command of three lieutenants from the U. S. navy, are now in charge of the great German owned radio station located here.

There is not a German on the place, with the exception of Emil Mayers, formerly superintendent of the station when it was operated under the Goldschmidt Co. of Berlin, before the war started.

Three weeks ago the station with all its machinery and apparatus was open to the inspection of the public. The gates were closed suddenly, and a guard of watchmen are on constant duty about the plant.

The officer in charge of the station is Lieut. E. C. Lichtenstein, U. S. N. The Germans vigorously opposed the taking over of the station by this government but they admit that the station is being run to their satisfaction.

See Charlie Chaplin at Springbrook park every night this week. —Adv.

Don't Be Scared Into Risking an Operation

WE HAVE SAVED SCORES FROM THE SURGEON'S KNIFE AFTER THEY HAD BEEN GIVEN UP BY OTHER DOCTORS, AND WE CAN DO THE SAME FOR YOU IF YOU WILL GIVE US THE CHANCE.

Dr. Fleener Co. For Men.

United States Senator Weeks, in a recent speech before the senate, clearly sets forth the fact that thousands of surgical operations are uselessly being performed simply for the sake of collecting a fancy fee. In a recent address given by Dr. Jno. M. T. Finney, a noted authority of Philadelphia, he asserts that a large percent of surgical operations are signal failures and are absolutely uncalled for. Dr. Overall of Chicago, another noted authority, claims that injury once done the prostate by the knife is irreparable. Keyes, perhaps the most noted authority in this country, says: "There is but one condition calling for an operation, and that is the failure of all other treatments." Still many doctors claim that the only way to cure the diseases of our specialty is by the use of the knife. We have saved scores from the surgeon's knife and at a cost even less than the ordinary hospital fee. We can do as much for you.

OUR SPECIAL OFFER

We are making a special offer to afflicted men. One that will surprise you when you investigate. This offer will enable every afflicted man to regain his health, no matter what his circumstances may be. Our fees are within reach of every man. IF YOU ARE OUT OF WORK AND NEED TREATMENT, DON'T FAIL TO CALL, FOR YOU CAN TAKE OUR TREATMENT AND PAY US WHEN YOU GO BACK TO WORK.

Vital Diseases

—VARICOCELE— —HYDROCELE—

Impair vitality. We daily demonstrate that Varicocele and Hydrocele can be cured, in nearly all cases, by one treatment, in such a satisfactory way that the vital parts are preserved and strengthened, pain ceases, swelling subsides, a healthy circulation is rapidly re-established, instead of the depressing conditions.

We have saved hundreds of young men yearly from these two vital diseases. Why not let us cure you?

—PRIVATE— —CONTRACTED— —DISEASES—

Are the most widespread diseases among the male population and are doing more harm to the race than tuberculosis or cancer. Eighty percent of the male population between the ages of 18 and 30 contract one or both of these diseases. These diseases may be infectious long, long after all visible symptoms have disappeared. They are responsible for one-third of all blindness, cause three-fourths of all abdominal operations in women and are the principal cause of race suicide. Cause nearly all stricture and 75 percent of prostatic diseases. Yet from ignorance of the terrible character of these diseases it is not uncommon to hear young men laughingly boast as if having them were something to be proud of.

The Most Prevalent and Serious Diseases Among Men Past Forty

According to Dr. Hurty, secretary state board of health, the Prostate gland is perhaps the most important gland in the body, being of extreme importance to the physical and mental and reproductive stability of man. Diseased conditions of this gland are accompanied by the most pronounced disturbances of other functions such as weakness, loss of ambition, strength, vim, vigor, vitality, headache, backache, dizziness, loss of appetite, mental hallucinations, a feeling of impending danger, weak trembles, cold feet, frequent urination, especially at night; specks before the eyes, Male weakness, or total loss of power, constipation, pain in rectum or at neck of bladder, hot and cold flashes, nervousness, inability to concentrate mind, thoughts wander, easily fatigued on little exertion, loss of confidence, cloudy, foul smelling urine, etc.

—SPECIFIC— BLOOD POISON

Are you afflicted, mortified, demoralized, discouraged, tortured and in danger from this awful life-consuming poison in your blood? You are if you have these symptoms:
Rash, Sores, Ulcers, Sore Mouth or Throat, Swollen Glands, Mucous Patches, Hair or Eyebrows falling out, Skin Blisters, Copper-Colored Spots, Rheumatic Pains, Aching in Bones or Joints, Eczema, Itching, Burning, Nervousness.

Our treatment removes the above symptoms in one to ten days, so you nor anyone would ever know you had the trouble.

Why Not Get the Best First? It Will Cost Less Than the Worst.
The diseases of our specialty are diseases of which the general practitioner is rankly ignorant, he knowing but little more about them than you. He is wholly unprepared in experience, knowledge and equipment and totally unable to successfully treat them and when he undertakes their cure he will more than likely cause or allow serious complications to arise, which sooner or later necessitate the services of a skilled specialist.

No Knife--Rupture and Piles Cured--No Knife \$10--Examination Free--\$10

OUR FEES.—Are reasonable, about half what the ordinary doctor would charge you for same services. We can afford this on account of the vast business we do, being fifteen to twenty times that of the average doctor or specialist.

WE GUARANTEE Free Consultation. Prompt and Courteous Attention and Satisfactory Results. Demonstrated by Scientific Tests.
